Candidate's Guide to Municipal and School Board Elections

Produced for the Council and CSAP School Board Elections

Version Date: May 29, 2024

FOREWORD

This guide has been prepared by the Department of Municipal Affairs and Housing, with the assistance of the Municipal Elections Officer, to assist those who are contemplating offering for municipal office or candidates for the *Conseil scolaire acadien provincial* (CSAP). This version has been prepared for the regular elections in 2024. There are a few references to “special elections”, which may be required from time to time between regular elections. For more information on special elections, you should also refer to Section 13 of the *Municipal Elections Act* (MEA).

The guide is intended to inform prospective candidates on:

- qualifications for nomination (including disqualifications for office)
- nomination procedures
- relevant election procedures
- duties, obligations, and responsibilities of candidates
- duties, obligations, and responsibilities of elected councillors and school board members

Presentation of the information in this guide is very general, and prospective candidates should refer directly to the *Municipal Elections Act* or the *Education (CSAP) Act* for specific authority. Copies of these Acts are available electronically on the government website at <https://nslegislature.ca/legislative-business/bills-statutes/consolidated-public-statutes> and may be available from the municipal returning officer.

Candidates for school board elections may also wish to visit the CSAP School Board website at <https://csap.ca/> for further information.

Candidate's Check List for Council and CSAP School Board

1. Decide which office (mayor, councillor, school board member) you wish to be nominated for.
2. Check to establish that you hold the qualifications for such office (age, citizenship, etc.). Details are on page 10 for council and page 14 for the CSAP school board.
3. Ensure that you are not disqualified from holding such an office (occupation, residency, etc.). **The onus is on the person nominated for election to an office to file a *bona fide* nomination paper.** Council candidates must have paid taxes and charges that are liens on their property.
4. Appoint an official agent or file a declaration that you will be acting as your own official agent. The official agent must keep track of any campaign contributions and open a bank account for this purpose.
5. Note the Key Dates provided for quick reference on page 5 of this guide.
6. Note the name and office location of the returning officer for the election. Often the municipal clerk is appointed returning officer. If not, the municipal clerk will give you the contact information for the returning officer.
7. Obtain the correct nomination paper.
8. Complete the nomination section of the nomination paper and determine the qualifications required for the electors who are eligible to nominate you for election to council or school board.
9. Obtain the required number of signatures of qualified electors as nominators on your nomination paper. A nomination paper must be signed by at least five qualified electors whose names appear on the list of electors.
10. Complete and sign the "Oath and Consent" portion of the nomination paper. If you are away from the municipality, you may in writing authorize your agent to do so.
11. Obtain a certificate that your charges that are liens and your taxes are paid (if running for council, not school board). File your nomination paper with

the returning officer between 9:00 a.m. and 5:00 p.m. on nomination day or by appointment during the seven business days preceding nomination day. Once your nomination paper has been accepted by the returning officer, who accepts the nomination by signing the receipt, it is open for inspection by the public. Once accepted, the returning officer will provide you or your official agent with a copy of the amended list of electors entitled to vote for the office for which you are a candidate. Note that the list of electors is to be used for election purposes only and all of your copies must be returned after the election. The *Municipal Elections Act* does not allow the list to be open for inspection, disposed of or sold for other purposes.

12. You or your official agent may also appoint other agents or scrutineers to represent you at the polls on election day. Only one poll agent may represent you at a polling station at any one time. As a candidate, you may not act as this agent.
13. Election day... **DON'T FORGET TO VOTE!**
14. Remove signs, posters, and other election advertising within seven days of ordinary polling day and return your copies of the voters list including any electronic copies, or confirmation of the destruction or deletion of any electronic copies. Failure to do so is an offence.
15. Campaign contribution disclosure forms must be filed within 60 days of the election. Failure to file or filing late is an offence.

Administration of Municipal and School Board Elections

Municipal Polling Districts and CSAP School Board Electoral Districts

Each regional, county, or district municipality and some towns are divided into **polling districts**. A polling district is the geographic area that an elected councillor represents. A polling district can elect one member to council, or more than one, in the case of some towns with a ward system. Some towns are only one polling district, with the council members elected at large.

For the purpose of electing members to the school board, the geographic area within the jurisdiction of the school board is divided into **electoral districts**. The school board electoral district is made up of several municipal polling districts and will often include polling districts from several municipalities.

Returning Officers

The municipal official who is responsible for administering the election in the municipality is the returning officer.

The returning officer may be the clerk of the municipality, or another municipal staff member, or may be someone who has been contracted by the municipality to work as the returning officer.

The municipal returning officer is responsible for the administration of the election in all the polling districts in the municipality, and is the person who will be able to give candidates all necessary information about the election.

Municipal returning officers also administer **CSAP school board elections**. They are responsible for the school board elections in their municipalities. However, because many school board electoral districts take in more than one municipality, one of the municipal returning officers in the school board electoral district acts as the returning officer for the school board election in that electoral district. Therefore, some **CSAP school board candidates** will find that the returning officer with whom they must file their nomination papers is in a different municipality. The municipal returning officer will be able to provide contact information for the school board returning officer.

Some municipalities may by by-law conduct municipal and school board elections by alternate voting methods via the Internet and the telephone. Should that be the case, the returning officer will make that information available to candidates.

Polling Divisions

Municipal polling districts are divided into polling divisions. A polling division contains up to 1,000 electors. A polling station is established for each polling division.

Poll Officials

The returning officer appoints a deputy returning officer and a poll clerk for each polling station in the municipality.

The deputy returning officer is responsible for the management of the polling station on voting days. The poll clerk is responsible for keeping the written records of the voting.

Becoming a Candidate for Council

What Are the Qualifications to Run for Council?

In order to run for council (mayor or councillor) you must:

- be 18 years of age at the time of nomination
- be a Canadian citizen
- be ordinarily resident in the municipality or in an area annexed to the municipality for 6 months preceding nomination day (by March 9th), and continue to so reside

You do not need to reside in the polling district of the municipality in which you wish to seek election, as long as you meet the residency requirement of six months in the municipality.

Disqualifications - Council

A number of situations or occupations disqualify the following from seeking municipal office (s.18 of the *Municipal Elections Act*):

- members of parliament or senators;
- members of the legislative assembly;
- members of a village commission;
- member of the council of another municipality;
- judges;
- a person who accepts or holds office or employment in the service of the municipality, or any utility, board, commission, committee or official thereof, to which any salary, fee, wages, allowance, emolument, profit or other remuneration of any kind is attached, for so long as the person holds or is engaged in the office or employment unless the person is on a leave of absence pursuant to subsection 17C(2) of the *Municipal Elections Act*. (**Please Note:** This disqualification does not apply to volunteer firefighters with a municipal firefighting organization, volunteer member of board or committee of municipality, with a school board, or with a joint body of two or more municipalities to which the municipality appoints at least one representative and to which the municipality provides funding);
- persons who, within five years prior to nomination day, have been convicted of bribery or a corrupt practice contrary to the *Municipal Elections Act* or who have been disqualified from any office pursuant to the provisions of the *Municipal Conflict of Interest Act*.

Requirement to Pay Taxes and Liens - Council

To qualify for nomination to council, you must ensure that all municipal charges that are liens on your property and taxes that are due to the municipality have been fully paid, and, if a municipality has provided for payment of taxes by installment or interim payments, all installments or interim payments due as of nomination day must be paid. You will need to get a certificate from the municipality to this effect, which must be filed with your nomination paper. This applies even if you do not own property or owe taxes. (Municipal candidates only)

What If I or My Family Member(s) Do Business with the Municipality?

Municipal public officials are expected to place the public interest before their own private advantage.

Rules for determining and declaring a conflict of interest are set out in the *Municipal Conflict of Interest Act*.

The Act requires any member of council who has a financial interest in any matter coming before the council to declare that interest and to withdraw from any discussion of it. If the meeting is closed, the member must leave the room where the meeting is being held. If the meeting is open, the member must withdraw and leave the room or sit in the public gallery.

The member is thus disqualified from dealing with the particular matter in which they have an interest but not from sitting on council when other matters are discussed.

In general, any qualified person with a potential conflicting interest is free to seek municipal office. The only requirement is that, once elected, the incumbent must comply with the principle of disclosure and withdrawal whenever their financial interest may be affected by an action of the council or local board.

It should be noted that the interest of a member is broadly defined to include the pecuniary interest of relatives, a spouse, and a spouse's relatives. However, several situations that are common and of minor consequence are deemed not to constitute conflict of interest. Please refer to the *Municipal Conflict of Interest Act* for additional detail.

How Do I Become a Nominated Candidate for Council?

1. Obtain a Nomination Paper and Other Nomination Information

Contact the returning officer for your municipality. Besides the nomination form, other information about running in the election will be available.

You can only be nominated for one office. You must use the correct nomination paper for that office.

2. Complete the Nomination Paper for Council

You will need:

- **At least five qualified electors who will sign the nomination paper and nominate you as a candidate.**

The names of the people who sign your nomination paper must appear on the list of electors and they must be qualified to vote for you. This means that they must be eligible to vote in the district in which you are running, and to vote for the office for which you are running.

You should get more than five persons to sign your nomination paper in the event one or more of your nominators is not qualified.

- **The name of your official agent.**

Your official agent is responsible for filing your campaign finance disclosure forms following the election, and can act on your behalf at certain times.

You can act as your own official agent but cannot act as such at the polls.

- **Complete the Consent and Oath or Affirmation of the Candidate.**

The Oath or Affirmation of the Candidate must be sworn. The returning officer or another person who is qualified to take oaths must take your Oath or Affirmation (Section 146).

The Oath or Affirmation states that you consent to the nomination, that you are qualified to run, that you have paid your taxes and any charges that are liens on property (council candidates only), and that you will accept the office, if you are elected.

3. Provide a Certificate Respecting Taxes from the Municipality (Council Candidates Only)

The certificate must be signed by the municipal official who is qualified to do so.

The certificate indicates that all taxes and charges that are liens that you owe to the municipality have been paid as of nomination day and, if the municipality has provided for payment of taxes by installment or interim payment, all installments or interim payments due as of nomination day must be paid. This is required whether or not you owe taxes or own property.

Include the certificate with your nomination paper when it is filed.

4. Pay the Required Deposit

A nomination deposit may be required by the municipality. Not all municipalities

have a deposit requirement.

The maximum amount of the deposit is \$200.00. Some municipalities have a smaller deposit.

The deposit must be paid in:

- cash
- certified cheque or bank draft payable to the municipality
- postal money order payable to the municipality

Personal cheques are not accepted. Candidates are entitled to have their nomination deposit refunded after the election if certain criteria are met (see p. 31).

5. You are Officially Nominated

Once the returning officer is satisfied that you have met the requirements for nomination, the **returning officer will sign the receipt** on the nomination paper. You will be officially nominated as a candidate for council.

When Do I File My Nomination Paper for Council?

Nomination day is **Tuesday, September 10, 2024, between 9:00 a.m. and 5:00 p.m.** You can file your nomination paper early, starting seven business days before nomination day, **by appointment with the returning officer.**

Candidates are encouraged to file early, so that any potential problems can be resolved prior to the deadline.

If you cannot personally file the nomination paper during these times, your official agent can complete and file it for you. You must authorize your official agent in writing to do this on your behalf. The written authorization must be filed in advance with the returning officer, or along with your nomination paper.

As soon as you file your nomination paper, the information about your candidacy becomes public information.

Can I Change My Mind About Running for Council?

You can withdraw as a candidate up to **4:00 p.m. on Wednesday, September 11, 2024;** however, you will forfeit your deposit. After that date, your name must appear on the ballot paper.

You can ask for a change in the particulars in how your name appears on the ballot paper up to **4:00 p.m. on Wednesday, September 11, 2024.**

Becoming a Candidate for School Board

What Are the Qualifications to Run for CSAP School Board?

In order to run for CSAP school board you must:

- be 18 years of age at the time of nomination
- be a Canadian citizen
- be ordinarily resident in the school region or school district in which you are seeking office for six months preceding nomination day (March 9th), and continue to so reside

You do not need to reside in the electoral district of the CSAP school board in which you wish to seek election, as long as you meet the residency requirement of six months in the school region or school district.

Note that qualifications to run for CSAP will change upon proclamation of the *Conseil scolaire acadien provincial Act*.

In addition to the qualifications to run for school board, to run for CSAP you must be an **entitled person**.

An entitled person is a person:

- whose first language learned and still understood is French, **or**
- who received their primary school instruction in Canada in a French-first-language program, **or**
- who is the parent of a child who has received or is receiving primary or secondary school instruction in Canada in a French-first-language program.

Note: A parent in this context does not include a guardian or person acting in loco parentis to a child.

For clarity, a French immersion program is **not** a French-first-language program.

Disqualifications for CSAP School Board

A number of situations or occupations disqualify the following from seeking elected school board office:

- members of parliament or senators;
- members of the legislative assembly;
- members of another school board;

- judges;
- persons who would be members of a council and members of the school board at the same time;
- school board employees (This applies to the school board for which a person works. An employee of one school board may run for office in another school board.);
- those who within 10 years prior to nomination day have been convicted of bribery or a corrupt practice contrary to the *Municipal Elections Act*, or who have been disqualified from any office pursuant to the provisions of the *Municipal Conflict of Interest Act* or the *Municipal Elections Act* and the period of disqualification has not expired.

Becoming Informed

Prior to submitting your name for election, you should speak with the board secretary of your school board and present board members to gain an understanding of the roles and responsibilities of school board members, and of the time commitment that is involved. The superintendent of schools and senior staff will also be able to provide a wealth of information on a variety of education issues. Some boards hold information sessions for prospective candidates which can be most helpful. In addition, if you have not already done so, you may wish to attend meetings of your board before elections to monitor the board's concerns and procedures.

Certificate Respecting Taxes Not Required for School Board

A certificate indicating that a candidate has paid municipal liens and taxes is not required for school board candidates.

What If I or My Family Member(s) Do Business with the School Board?

School board officials as public officials are expected to place the public interest before their own private advantage.

Rules for determining and declaring a conflict of interest are set out in the *Municipal Conflict of Interest Act*.

The Act requires any member of a local board who has a financial interest in any matter coming before the local board to declare that interest and to withdraw from any discussion of it. If the meeting is closed, the member must leave the room where the meeting is being held. If the meeting is open, the member must withdraw and leave the room or sit in the public gallery.

The member is thus disqualified from dealing with the particular matter in which they have an interest but not from sitting on the local board when other matters are discussed.

In general, any qualified person with a potential conflicting interest is free to seek office. The only requirement is that, once elected, the incumbent must comply with the principle

of disclosure and withdrawal whenever their financial interest may be affected by an action of the local board.

It should be noted that the interest of a member is broadly defined to include the pecuniary interest of relatives, a spouse, and a spouse's relatives. However, several situations that are common and of minor consequence are deemed not to constitute conflict of interest. Please refer to the *Municipal Conflict of Interest Act* for additional detail.

How Do I Become a Nominated Candidate for CSAP School Board?

1. Obtain a Nomination Paper and Other Nomination Information

Contact the returning officer for your district. Besides the nomination form, other information about running in the election will be available.

For CSAP School Board candidates the municipal returning officer in your municipality may not be the returning officer for the school board election but will be able to give you contact information for the school board returning officer.

You can only be nominated for one office and you must use the correct nomination paper for that office.

2. Complete the Nomination Paper

You will need:

- **At least five qualified electors who will sign the nomination paper and nominate you as a candidate.**

The names of the people who sign your nomination paper must appear on the amended list of electors and they must be qualified to vote for you. This means that they must be eligible to vote in the district in which you are running, and to vote for the office for which you are running.

You should get more than five persons to sign your nomination paper in case one or more of your nominators is not qualified.

- **The name of your official agent.**

Your official agent is responsible for filing your campaign finance disclosure forms following the election and can act on your behalf at certain times.

You can act as your own official agent but cannot act as your own agent at the polls.

3. Complete the Consent and Oath or Affirmation of the Candidate

The Oath or Affirmation of the Candidate must be sworn. The returning officer or another person who is qualified to take oaths must take your Oath or Affirmation (Section 146).

The Oath or Affirmation states that you consent to the nomination and that you are qualified to run.

A nomination deposit may be required by the municipality. Not all municipalities have a deposit requirement.

The maximum amount of the deposit is \$200. Some municipalities have a smaller deposit.

The deposit must be paid in:

- Cash;
- certified cheque or bank draft payable to the municipality;
- postal money order payable to the municipality;

School board candidates: The amount of the deposit is the largest amount that is charged by the municipalities that are in the school board electoral district in which you are running. The school board returning officer will tell you the amount of the deposit required.

Personal cheques are not accepted. Candidates are entitled to have their nomination deposit refunded after the election if certain criteria are met (see page 31).

4. You are Officially Nominated

Once the returning officer is satisfied that you have met the requirements for nomination, the **returning officer will sign the receipt** on the nomination paper. You will be officially nominated as a candidate for CSAP school board.

When Do I File My Nomination Paper?

Nomination day is **Tuesday, September 10, 2024, between 9:00 a.m. and 5:00 p.m.** You can file your nomination paper early, starting seven business days before nomination day, **by appointment with the returning officer.**

Candidates are encouraged to file early, so that any potential problems can be resolved prior to the deadline. This is especially so for school board candidates, who are filing their nomination papers with a returning officer in another municipality.

If you cannot personally file the nomination paper during these times, your official agent can complete and file it for you. You must authorize your official agent in writing to do this

on your behalf. The written authorization must be filed in advance with the returning officer, or along with your nomination paper.

Note, however, that candidates for CSAP must personally complete the Statement of Qualification on the nomination form.

As soon as you file your nomination paper, the information about your candidacy is public information.

Can I Change My Mind About Running?

You can **withdraw** as a candidate up to **4:00 p.m. on the day following nomination day (Wednesday, September 11, 2024)**. You will forfeit your deposit. After that date, your name must appear on the ballot paper.

You can ask for a change in the particulars in how your name appears on the ballot paper up to **4:00 p.m. on the day following nomination day, Wednesday, September 11, 2024**.

The List of Electors – Council and CSAP School Board

When Can I Get the List of Electors?

Once your nomination papers are filed, the returning officer will provide you with the list of electors.

If you are running for **council**, the returning officer will give you a copy of the amended list of electors for the polling district in which you are running.

If you are running for **mayor**, the returning officer will give you a copy of the amended lists of electors for the whole municipality.

If you are running for **school board**, the returning officer will give you a copy of the amended lists of electors for the electoral district in which you are running. This could include a number of municipal districts, or more than one municipality.

What Are My Responsibilities for the List of Electors?

The list of electors can be used for electoral purposes only. This means that you can use the list for campaigning for election; persons working on your campaign, and your agents in the polling stations, can also use it.

Once the election is over, candidates must return **all** copies of the list of electors in your possession, including electronic copies, or give confirmation of the destruction or deletion of the list of electors (this includes copies you may have given to persons working on your campaign).

While the list of electors is in your possession, it cannot be open for inspection (except for an electoral purpose), disposed of or sold.

What Happens If an Elector's Name Is Not on the List of Electors?

An elector whose name is not on the preliminary list of electors can be added to the list:

By contacting the revising officer (if the municipality has appointed one) or the returning officer any time up to three days before the first advance polling day to get their name added to the list.

An elector whose name is not on the revised list of electors can also be added at the polling station on both the advance poll days and on election day.

Election Campaigns – Council and CSAP School Board

Are There Any Rules About Campaigning in an Election?

You can begin campaigning at any time.

You or your representatives are entitled to lawfully campaign in locked multiple unit buildings or condominium complexes, during reasonable hours. You must approach the superintendent or building management to gain access to the building. Obstruction is an offence.

You can campaign on election day, **but you cannot loiter or solicit votes around a polling place or within 200 feet of a polling place.** A candidate who is loitering or soliciting votes can be ordered away by the deputy returning officer, and can be arrested for disobeying the order.

No one can wear partisan buttons or other materials within 200 feet of the wall of a building containing a polling station on election day.

Candidates should identify and adhere to any municipal campaign finance by-laws that apply to their campaign.

What About Election Advertising?

All printed election material must be identified. Every advertisement having reference to an election that is printed, published, broadcast or distributed, either electronically, or in hard copy, must indicate the name of the person on whose behalf the advertisement is published, printed, broadcast or distributed.

All advertising published in a newspaper or other publication must state the name of the person on whose behalf it is published.

Failure to comply with these requirements is an offence [s. 143, *Municipal Elections Act*].

A tenant or owner of a condominium unit may display election advertising on their own leased or owned premises, subject to any reasonable conditions relating to size or type of election posters that may be set by the landlord or condominium corporation. A landlord or condominium corporation may prohibit election advertising posters in common areas.

The municipality where you are running will provide information about where you can post your election campaign signs on public property. There are also rules concerning the posting of materials along provincial highways, municipal streets and roads, as well as

prohibitions against posting signs on power or telephone poles.

You can advertise on election day, **with the exception that there can be no election advertising material placed, posted or distributed within 200 feet of a wall of a building in which a polling station is situated.** It is an offence to post or display such advertising. If such advertising is placed in violation of this provision, the returning officer can have it removed and deduct the cost of removal from your candidate's deposit.

If you or your representatives are transporting electors to the polls, remember that the prohibition against election signage within 200 feet of the polling place applies to advertising affixed to vehicles.

What About Financing My Election Campaign?

Many candidates will receive contributions toward the cost of mounting an election campaign. The law is that a candidate has a responsibility to disclose the names of the donors of more than \$50.00 to their campaign, and the amount of the contributions. As of 2016, **all** candidates must file a financial disclosure form, even if they had no contributions to their campaigns. As noted above, any contributions of \$50.00 or more must be appropriately documented.

The practice is viewed as a method to increase public confidence in the electoral process by making it less likely that a candidate, once elected, will act secretly to further the interests of a particular person or corporation.

Disclosure of campaign contributions is done by candidates for provincial and federal elections, as well.

Unlike federal or provincial election campaigns, no income tax credits or deductions are available to donors to municipal or school board candidates.

Rules for Recording and Disclosing Campaign Contributions

Rules and procedures to be observed for recording and disclosing campaign contributions are explained in the proceeding sections.

A Candidate Must Have an Official Agent

All candidates are required to have an official agent who is responsible for taking contributions for the candidate's campaign and recording the information about the donors.

A candidate can appoint someone or act as their own official agent by selecting the option on Form 17.

Whether you appoint an official agent or act as your own official agent is a decision that you will have to make, depending on the size of your campaign and your own personal inclinations.

There are no particular qualifications to be an official agent, but the candidate should select someone responsible, who will be able to keep track of the funds donated and make the necessary reports.

If an association is formed to promote the election of a candidate, it is subject to the disclosure requirements. An association is any group of one or more people with the goal of the election of a particular candidate. This group usually takes the form of a committee to elect a candidate.

An association **must** appoint an official agent.

An individual acting on behalf of an association would file a letter naming the official agent, or the official agent could file the document indicating that they are acting as official agent of the association. The agent's name and address must be included. The association should also include its name and an address where communications can be directed.

When Do I Need to Appoint an Official Agent?

The legislation recognizes that you can be considered a candidate before you actually file your nomination papers.

Nomination papers cannot be filed until 4 - 5 weeks before election day, but you may begin organizing your campaign or actually campaigning before that time. **As soon as you begin to accept contributions, you must have an official agent appointed.**

The appointment of your official agent must be in writing. Form 17 can be used for this purpose. The official agent must take the oath in Form 17A.

The appointment of an official agent must take place no later than the close of nominations on nomination day. If you are acting as your own official agent, you must indicate this on your nomination paper.

At any time before ordinary polling day, a candidate may dismiss an official agent and appoint another official agent by stating these facts in writing to the returning officer.

If you are acting as your own official agent, you can subsequently appoint an official agent before the close of nominations on nomination day.

How Are the Contributions Handled?

Whether you appoint an official agent or you act as your own official agent, it is necessary to place the contributions in a separate account. The contributions must be dealt with separately from a candidate's personal funds.

The official agent must record the full name and residential or business address of each contributor who contributes \$50.00 or more. A post office box is not to be used as an address unless that is the only address available.

The reporting period is from election to election. Any contributions that were not reported in the Disclosure Statement filed after the 2020 election (or from a subsequent special election) must be reported in the 2024 Disclosure Statement.

Are There Restrictions on the Sources of Contributions?

A candidate can accept contributions from any donor, with the following exceptions:

- Anonymous contributions cannot be accepted. If an anonymous contribution cannot be returned to the contributor, it must be turned over to the municipality or the school board, as the case may be.
- **No person can contribute funds not beneficially belonging to that person or funds that have been given or furnished to that person by another person for the purpose of contributing those funds** unless the person to whom the funds beneficially belong is identified as the contributor or unless the person contributing the funds is the spouse of the person to whom the funds beneficially belong.

Where a **trust or fund is established to further the goals of a candidate or association and the trust or fund is not controlled by an association or candidate**, the names of the contributors to the trust or fund shall be disclosed when a transfer is made from the trust or fund to either an association or candidate.

What Is a Contribution That Needs to be Recorded by the Official Agent?

The legislation defines a contribution as services, money, or other property donated to an association or a person to support the political purposes of an association or candidate, but does not include personal services or the use of a vehicle volunteered by a person and not provided as part of that person's work in the service of an employer.

Contributions can, therefore, be of three types:

1. **Services** donated to a campaign are valued at the normal charge that they would attract in the marketplace.

Note that there are two exceptions. A person can donate as long as the donation is not given as part of the person's employment:

- **their personal services, or**
- **the use of a personal vehicle.**

Some examples might be useful. A service that might be donated during an election campaign is the design of a brochure by a graphic designer. The designer might be donating their services as part of their work as an employee of a printer, in which case the service is a contribution, and the normal cost of the service would show as the amount of the contribution. If, on the other hand, the designer did the brochure on their own without

regard to their employment, then the contribution would be a personal service and would not have to be disclosed.

Another type of service typically used is time and effort of campaign workers. Individuals may answer the telephone in a headquarters or canvass for the candidate, as examples. This type of work is also personal service and does not need to be disclosed.

The exception for the donation of the use of a personal vehicle as a contribution means that the official agent does not have to disclose the contribution of individuals who undertake to drive persons to the polls on election day.

2. Money donated to a candidate clearly has to be recorded, in the event the cumulative amount of the donations from the donor exceeds \$50.00.

3. Other property donated to a candidate would be valued at its current market value. An example might be the use of a photocopier, or the donation of space for a campaign headquarters. If there was a social event to meet the candidate and if volunteers made sandwiches for it, then the cost of the food would show as a donation, but not the time spent by the volunteers in preparing the sandwiches.

The value of donated goods and services that is recorded is the value that would have to be paid for them if the candidate would have had to contract for them.

There is a special rule for the valuing of goods and services donated for sale or auction. Section 49A(10) of the *Municipal Elections Act* states that the value to be recorded is the dollar value that was actually paid at the sale or auction, regardless of what the commercial value might be. For example, a local artisan might donate a piece of artwork which would normally sell at retail for \$100.00. If the candidate held a fundraising auction and someone paid \$200.00 for it, then the contribution would be recorded as \$200.00, and the artisan would be recorded as the donor.

What Contributions Need To Be Disclosed?

Even though the official agent must record the amount and source of all contributions, **only contributions which exceed \$50.00 that have been received since the previous election (either in 2020 or since the last special election in the polling district) need to be disclosed.**

Even though contributions in excess of \$50.00 need to be disclosed, remember that the contributions can be cumulative. For example, a contributor might give \$25.00 at one time, and then another amount later on. If the contributor gives a second amount which exceeds \$25.00, then the contributions become reportable even if individual contributions do not exceed \$50.00.

Filing the Disclosure Statement

The Disclosure Statement is in Form 40 for candidates and in Form 41 for associations.

If a candidate does not file a nomination paper, they are not required to file a Disclosure Statement.

The Disclosure Statement must be filed within 60 days after election day (**no later than December 18, 2024**) with the municipal clerk (for council candidates) or the secretary of the school board (for school board candidates).

The Disclosure Statement must identify the contributions in excess of \$50.00 that have been received during the campaign or since the 2020 Disclosure Statement (or a Disclosure Statement that was filed after a special election), and include all contributions in excess of \$50.00 received up to the time that the Disclosure Statement was filed.

All Candidates, even those who received no contributions at all, must file the Financial Disclosure statement. As noted above, those contributions of \$50.00 and more must be individually recorded, listing the name and address of the person making the donation.

Voting Procedures – Council and School Board

Who Can Be At the Polls?

Only election officers conducting the election, candidates (some limitations), agents of candidates, a peace officer (if appointed), and a voter actually voting are entitled to be present in the polling place at any one time.

Everyone in attendance is to maintain the secrecy of the voting.

What Are the Voting Days and Times?

Note there are three voting days:

- **First advance poll day:** either Thursday, October 10, 2024, **or** Saturday, October 12, 2024 (council option) from 12:00 p.m. - 8:00 p.m.
- **Second advance poll day:** Tuesday, October 15, 2024, from 12:00 p.m. - 8:00 p.m.
- **Election day:** Saturday, October 19, 2024, from 8:00 a.m. - 7:00 p.m.

Electors who expect they may be unable to vote on election day are able to vote at either of the advance polls. Some municipality and school board elections will use e-voting technology and advance polling dates and times may differ. In such areas, there will be ample advertisements to ensure that electors know what times are available for e-voting.

What If an Elector Cannot Vote on Any of the Polling Days?

An elector who is going to be absent from the municipality on the advance poll days and ordinary polling day or is unable to attend at the polling station because of illness or physical disability can vote by **proxy**.

In order to vote by proxy, the elector's name must appear on the list of electors.

If a person wishes to vote by proxy, that person must complete and sign the application form (Form 21). If the elector completing the application form is not sure of their number on the list of electors, or their polling division number, those spaces can be left blank and can be completed by the returning officer, as long as there is no doubt about which elector has signed the application. For example, students who complete the application form

while away from home will not have the list of electors available and therefore will not have that information.

When the application form has been completed, it must be returned to the municipal returning officer at any time between the day after official nomination day (September 10, 2024) and 5:00 p.m. on Friday, the eighth day before ordinary polling day. **The returning officer cannot issue a proxy paper (Form 22) after 5:00 p.m. on Friday, October 11, 2024, the eighth day before ordinary polling day.**

The application form must be delivered to the returning officer either by the elector who wishes to appoint another person to vote on their behalf by proxy, or by the proxy voter who will act for the elector. **No other person may bring this application form to the returning officer.**

If the proxy voter and the elector are unrelated, they must each be on the list of electors for the municipality and the proxy voter must not have been appointed as proxy voter for any other unrelated voters.

If the proxy voter and the elector are related as child, grandchild, brother, sister, parent, grandparent, husband or wife, they must both be on the list of electors for the municipality.

If the elector is a resident in a home for special care, the elector can appoint a proxy voter who is related as a child, grandchild, brother, sister, parent, grandparent, husband or wife who is of voting age. There is no requirement for the proxy voter to be on any list of electors.

A proxy voter can vote for any number of related persons (as described in this part) and **one** unrelated person.

Can I Be Present or Have Representatives in the Polling Stations?

Rules for Candidates

As a candidate, you can be present in the polling station during voting hours, and during the counting of the ballots.

If you do choose to go to the polling station, remember that **you cannot loiter or solicit votes within 200 feet of the polling place.**

In the past few elections, voters have complained about candidates standing by the doorways and in the parking lots of polling places to greet the voters. While candidates may be in a polling place to vote, to check with their agents, or to walk through, Section 105 of the *Municipal Elections Act* authorizes the returning officer or deputy returning officer to order from the polling place and the area within 200 feet of the polling place anyone who is loitering or soliciting votes. This includes candidates. The returning officer or deputy returning officer may have arrested any person who disobeys an order.

You cannot act as a poll agent, even if you are acting as your own official agent.

You cannot act as a friend of an elector (assist an elector to mark a ballot) unless the elector is your child, grandchild, brother, sister, grandparent, parent or spouse.

You can be present to witness the counting of the ballots after the polling station closes, but you cannot witness the count at more than one polling station. This means that if you are in a central polling place with more than one polling station, you cannot move from polling station to polling station to observe the count.

Candidate's Agents

Your **official agent** can be present in the polling stations, and can act as a poll agent. **(Remember that if you are your own official agent, you still cannot act as a poll agent).** Your official agent must have an appointment in Form 17 before they can enter the polling stations.

You may appoint any number of **poll agents**. An agent may be appointed to more than one polling station. All agents must have an appointment in Form 15 to each polling station where they are to be. They cannot enter the polling station without Form 15.

Form 15 must be delivered to the deputy returning officer at the polling station, and the agent must also take an oath in Form 16 in the poll book before being permitted to be at the polling station.

You may only have **one poll agent present at a polling station** at any one time.

If you appoint an agent to a mobile poll, that agent must provide their own transportation.

Agent's Responsibilities

An agent **can**:

- leave the polling station and return
- observe the opening and closing of the polling station
- observe the voting procedure
- challenge an elector, by asking for the Oath of Qualification (Note: the challenge must be made **before** the elector is given the ballot papers)
- view the poll book, at times when there is a lull in the voting
- object to the counting or rejecting of a ballot

An agent **cannot**:

- interfere with an elector
- prohibit an elector from voting
- question electors as they are entering the polling station
- prevent a ballot from being counted
- disrupt the operation of a polling station
- challenge an elector's qualifications to vote for CSAP

Remember: The deputy returning officer is in charge of the polling station.

Counting the Ballots

An agent can be present at the close of the polling station, but may only witness the count at one polling station. Agents cannot move from polling station to polling station to observe the count.

Neither candidates nor agents can handle the ballots.

Candidates or their agents can object to the counting or the rejecting of a ballot, but the final decision on whether the ballot is counted is that of the deputy returning officer. The objection is recorded in case there is later a recount or challenge to the election.

Candidates or their agents are entitled to a copy of the statement of poll, which records the results of the voting at the polling station.

Special Requirements for the Counting of Certain School Board Ballots

Some electoral districts of CSAP are elected over a wide geographic area. This means that there may be some polling stations where very few electors choose to vote for the particular office.

In order to protect the privacy of the vote, the *Municipal Elections Act* provides that where there are fewer than 10 votes at a polling station for a school board office, then the ballots are not counted at that polling station.

In that circumstance, the uncounted ballots are sealed in an envelope and transferred to the school board returning officer, who will count and report the vote at the particular polling station, along with the ballots from other polling stations.

Because of the distance of some polls from the school board returning office, and because the day following election day is Sunday, some of these ballots may not be delivered and counted until **Monday, October 21, 2024**.

When Will I Know the Official Results of the Election?

The election results that are obtained on election night are the **unofficial results**. The official addition of the votes is conducted by the returning officer, who records the results entered on the written statements of poll from each polling station.

The municipal returning officer conducts the official addition for all of the elections in the municipality. The school board returning officer conducts the official addition for the school board election(s) that the returning officer was responsible for.

You or your agents are entitled to be present for the official addition of the votes, which

takes place starting at **10:00 a.m. on Tuesday, October 22, 2024.**

Post-Election Responsibilities – Council and School Board

Within 7 days of election day (October 26, 2024), a candidate must:

- remove all election advertising material,
- complete and file with the municipal clerk (for council candidates) or the returning officer for the school board (for school board candidates) an affidavit in Form 12, and
- return all copies of the lists of electors in the candidate's possession, including any electronic copies, and/or give confirmation of the destruction or deletion of any electronic copies, to the clerk or returning officer, as the case may be.

Within 60 days of election day, December 18, 2024, the Disclosure Statement must be filed. The legislation places the responsibility on the candidate to file the Disclosure Statement, even if the Statement is prepared by your official agent.

Am I Entitled to a Return of My Deposit?

Once the Affidavit in Form 12 is filed, you are entitled to a refund of all or of a portion of your deposit.

The full deposit is refundable if the candidate:

- has been elected or acclaimed, or
- has received at least half the votes of the successful candidate, or
- dies before the election.

Half of the deposit is refundable to candidates polling less than half the votes of the successful candidate.

What if I want to Challenge the Result of an Election?

Judicial Recount

Where the official addition of the votes by the returning officer results in a tie, there will automatically be a judicial recount.

An application for a judicial recount may also be made within 10 days after the election, **October 29, 2024**, if the clerk authorized by council, any candidate, or any elector submits an application to the provincial court or Supreme Court of Nova Scotia accompanied by a deposit of \$200.00. The judge may refuse to conduct a recount if the judge determines that the application is frivolous or vexatious or if it would not be in the interest of justice.

If, after the judicial recount, there is still a tie, the winning candidate is chosen by lot by the municipal clerk. All that is necessary in a choice by lot is for the clerk or a designate to draw a name out of a box.

Review sections 130-138 of the *Municipal Elections Act* if you are considering a recount application.

Application to Declare the Election Void

An elector, a candidate or a clerk authorized by council who believes that there were irregularities during the election that could have affected the outcome may bring an action in the Supreme Court of Nova Scotia.

Because the application must be made to the Supreme Court, legal advice should be obtained before an action is commenced.

The application must be commenced within 21 days after ordinary polling day, **November 9, 2024**.

The person bringing such an action must deposit \$500.00 as security for court costs and any additional costs that may be awarded if the action is unsuccessful.

After hearing the evidence, the judge will determine whether there was an irregularity that could have affected the result. An order will be issued to conduct the election again if the judge finds an irregularity.

Review sections 158-160 of the *Municipal Elections Act* if you are considering an application to have the election declared void.

When do Newly Elected Members of Council and School Board Assume Office?

Council Members

The successful candidates, including candidates who were elected by acclamation, are declared elected by the clerk at the first meeting of the council after the time for applying for a recount has expired. The meeting must be held within four weeks after ordinary polling day.

CSAP School Board Members

The successful candidates, including candidates who were elected by acclamation, are declared elected at the first meeting of the school board following the elections. The first meeting of the school board must be held not less than 14 days nor more than 30 days after the election.

If there is a recount, the candidate(s) cannot be declared elected until the recount is complete.

Oath of Office

The oath of office **for council members** is administered by a judge, a justice of the peace, the mayor or warden, or the clerk.

The oath of office **for CSAP school board members** is administered by a judge or a justice of the peace.

The same oath is taken by both council members and school board members.

Basic Duties and Responsibilities – Council

What Is My Oath of Office?

... I will truly, faithfully and impartially execute the duties of the office to which I have been elected to the best of my knowledge and ability.

... I have not received and will not receive any payment or reward or promise thereof for the exercise of any partiality or other undue execution of the duties of my office...

The above words from the "Oath or Affirmation of Allegiance and of Office" are taken by each councillor and school board member at the first meeting of the council after the election. The words place a heavy burden on the elected official to accept and discharge, in a conscientious and forthright manner, the duties, obligations, and responsibilities of office.

What Are My Personal Responsibilities?

Once elected, it is important to remember that you have requested and received the trust of the electorate to be their representative. It will be your duty to keep the electors informed as to how you are discharging the trust and confidence they have placed in you.

It will also be your duty as an elected official to act for the whole municipality, not just the polling district from which you were elected. You will have a duty to strive to improve the finances, health, security, and quality of life in your municipality as a whole.

You will have a personal responsibility to fulfil the obligations of the office with impartiality and integrity to the best of your ability. To do this:

- Become informed about the problems that face your municipality today.
- Become informed about your council's legal powers and limitations to solve these problems.
- Make decisions without fear, favour, or evasion - and always in the best interest of the whole municipality.
- Resist the pressures of groups of your electors organized for selfish purposes.
- Be prepared to serve on committees of council and accept other duties as assigned by council.
- Share information that you may receive from outside agencies, conferences, training sessions, or meetings with other members of council.
- Be prepared to accept responsibility for majority decisions of council - even though it may mean supporting a decision that you did not vote for.
- Try to create an intelligent interest in community and public affairs within your municipality.

What Is the Structure of Council?

The council is composed of elected officials - both the mayor or warden and the councillors.

The **mayor** is elected at large in towns, regional municipalities and some county or district municipalities. In the case of county or district municipalities that have not adopted the mayoralty system, the **warden** is chosen by and from among council members after the election.

In either case, the mayor or the warden is the head of council and chief officer of the municipality. They preside at all council meetings and maintain order, proper conduct, and decorum at these meetings. They will usually act as spokesperson for the municipality at special municipal or community functions and with the media.

In the decision-making process, all councillors, including the mayor or warden, are equal - they each have one vote. By virtue of their position, the mayor or warden may be able to persuade other councillors to follow their lead, but in the final result, neither the mayor nor the warden has any more power in council than any other member.

If elected, you may be asked to serve on a number of the various standing and special **committees of council**. It is at the committee level that many matters are given detailed scrutiny before formal consideration is given by council.

Standing committees of a municipal council generally relate to such matters as fire protection, recreation, streets, public works, finance, by-law amendments, and planning. Special committees are also appointed in relation to special tasks or projects.

What Are My Responsibilities at Council Meetings?

It is the duty, obligation, and responsibility of every council member to attend all meetings of council and take part in debates, discussions, and decisions on municipal business.

In these meetings, it is important to listen to other members of council and to collectively reach decisions that are in the best interest of the whole municipality.

If you have a personal monetary interest in a matter under consideration by council, then you must not take part in the discussion or vote on such a matter. Under the terms of the *Municipal Conflict of Interest Act* for a closed meeting, you must leave the room until the question has been dealt with. If the meeting is open, you may simply leave the table and sit in the public gallery.

How Does Council Make Decisions?

Council decisions are expressed in the form of either a **by-law, policy, or resolution**.

By-laws are the formal enactment, under the seal of the municipality, of rules and regulations **adopted by council to regulate conduct** in the municipality. By-laws may be viewed as the municipal equivalent of provincial or federal legislation.

Policies are decisions of Council that are recorded in the by-law book of the municipality; generally, they concern the administrative affairs of the municipality. Policies often concern fees or other matters to which the public may want to have regular access.

Resolutions are less formal. A resolution expresses the decision of council on a particular matter submitted to it in the form of a motion, as moved and seconded, and adopted by a majority vote. Although not as formal as a by-law, a resolution, once adopted by council, will normally be as binding as a by-law until it is reversed or amended.

Council decisions are made by following **rules of procedure**. The procedure, agenda, and general rules governing the council and its meetings may be laid down in a municipal procedure policy or by-law. Rules are designed to assist council in conducting its business in an efficient and orderly manner. You may contact your municipal office to inquire about a copy of the procedure policy or by-law.

What Is the Relationship Between the Council and the Administration of the Municipality?

Ideally, council formulates policy and makes decisions, while staff implement these policies and decisions.

You should avoid the temptation to become a quasi-administrator. You should leave day-to-day administrative matters to the staff and concentrate on your role in providing them with clear and concise policy direction. Council-administration relations should be based on respect and mutual trust.

You will find it helpful to familiarize yourself with the various services provided by your municipality. This can be done by consulting the municipal administrator or the appropriate department head. In addition, you should familiarize yourself with the organizational chart of the municipal unit so that you have a clear picture of the personnel responsible for specific services and any staffing requirements.

Help for Newly Elected Councillors

Help is available from many sources. Council members who have had previous experience can put you on the right track.

Your chief administrative officer or municipal or town clerk is experienced with the inner workings of your municipality and will be able to answer many of your questions.

Outside of your municipality, you may want to contact the Nova Scotia Federation of Municipalities, the Association of Municipal Administrators, the Department of Municipal Affairs and Housing, and other departments of government (please see addresses below). These organizations and agencies have a wealth of information and, in many cases, professional expertise in numerous areas of municipal involvement.

The Department of Municipal Affairs and Housing will host an orientation session in November for all new council members. There will be speakers on a variety of topics of interest. More details will be available later.

The School Board

What Specific Legislation Applies to the Election of School Board Members?

The election of members to the *Conseil scolaire acadien provincial* (CSAP) are held at the same time as municipal elections.

CSAP has the mandate to provide French-first-language instruction to children of entitled parents in the province. Only entitled persons may vote for or be a candidate for the election of members of CSAP. These terms, entitled parent and entitled person, are defined in the *Education (CSAP) Act*.

Note: Persons qualified to vote in the Conseil scolaire acadien provincial election as entitled persons must self-identify by requesting the ballot to vote for CSAP.

In addition to the *Municipal Elections Act* and the *Municipal Conflict of Interest Act*, the legislation governing school boards is the *Education (CSAP) Act*. Please check with the Returning Officer about copies of these Acts. The legislation can also be viewed by going to the Government of Nova Scotia website: <https://beta.novascotia.ca/>.

What Are My Duties and Responsibilities?

In addition to factual information such as the dates of nomination day and election day, the preceding pages contain comments and suggestions that should be of assistance.

Read carefully the information provided for new council members. Change the word "council" to "school board" and then apply the suggestions to your proposed work on the school board.

I encourage you to get more than the minimum of five required nominators and to check to ensure these persons are on the list of Electors. This is also mentioned in the attached Candidate's Guide. As well, pay particular attention to the section on Campaign Contributions.

Copies of Form 18 (Declaration of Person Applying for a Transfer Certificate), and/or Form 21 (Application for a Proxy Vote) can be obtained from the Returning Office at your request. **Please take a look at proxy voting requirements. You may have some persons in your district who may wish others to vote by proxy for them, but very unlikely given that the election is electronic and voters can vote from anywhere.**

Please do not hesitate to contact the undersigned if you have any questions.

Regards,

Kim Ramsay
Returning Officer, Municipality of East Hants

Municipality of the District of East Hants

Election Signage

The Municipal Elections Act does not address size or placement of election signage. The Municipality of East Hants does not have a bylaw with respect to election signage. We offer information known to us from other organizations with regard to highway signage which would be applicable for municipal election signage.

We offer this as guidance only. We provide no guarantee that these organizations have changed their sign requirements and individuals are responsible to educate themselves accordingly.

From Bell Aliant:

"Bell Aliant does not permit the unauthorized installation of signs, banners, or posters on our telephone poles. These attachments, as well as the associated means of fastening the signage to the pole, pose a safety hazard to all utility technicians who climb the poles."

From Nova Scotia Power:

"Nova Scotia Power Inc. does not permit the unauthorized installation of signs, banners or posters on power poles. These attachments, as well as associated protruding nails and staples, pose a safety hazard to our power line technicians, as well as employees with other utilities, who work on these poles."

From NS Department of Transportation and Infrastructure Renewal:

The Department of Transportation and Infrastructure Renewal has established the following practice regarding election related signage to coincide with the new Advertising Sign Regulations dated July 15, 2001 near provincial roadways.

Controlled Access Highways

- a. Election signs are not permitted within 1000 metres of the centre line of a controlled access highway.
- b. Election signs are not permitted within 60 metres of the end of ramps or controlled access connectors onto connector / non-controlled access highways

Non-Controlled Access Highways (Most Provincial Roads)

- Signs should not cause hazard by obstructing sight distance at intersections, parking lots, driveways and to posted traffic control signs;
- Signs should be behind ditch line or minimum three (3) metres behind curb;
- Sign erectors should have approval of adjacent property owner;
- Signs are not permitted to be attached to Department signs or guardrail / guide posts.

Municipal Guidance

Signs should be restricted to private property (with the permission of the property owner) and should not be installed within the street right of way. Permission **will not** be granted to place signage on municipal property.

Signs should not obstruct the view of traffic at corners, intersections and driveways.

Signs must not be installed on utility poles or street trees and can be removed in accordance with Bylaw P-300.

Enforcement

Organizations noted above will follow their respective enforcement protocols. The Municipality of East Hants will enforce in accordance with Bylaw P-300.

Sign Design

The Municipality has no bylaws governing sign size or design.

The Municipal Elections Act governs signage in Section 143 and 155. Basically candidates are prohibited from displaying any election material within 200 feet of any polling station and signage must indicate the name of the person on whose behalf the signage is printed. Please refer to these sections for clarification.

All signs shall be removed within one week following the election.

Separation and count of ballots

107 (1) After completing the first three entries on each statement of poll, the deputy returning officer shall, in the presence and in full view of the poll clerk, candidates and agents who are present, open all ballot boxes used at the polling station and proceed to separate the ballots according to the matter for which a poll was granted.

(2) The deputy returning officer shall then, in the presence and in full view of the poll clerk, candidates and agents who are present, proceed to count the votes by

- (a) giving a tally sheet in prescribed form in the poll book to the poll clerk and to those other persons present at the poll who so request;
- (b) after each person present is given full opportunity to examine a ballot, decide whether the ballot should be rejected or counted; and
- (c) if the ballot is to be counted, call out the vote and have it entered on the tally sheets.

(3) The ballots for the election of a mayor, if any, shall be counted first, followed by the ballots for councillor, followed by the ballots for school board members, and followed by such other ballots as may be in use in the order prescribed by the returning officer, and no ballots shall be counted until the preceding ballots have been counted and the statement of poll has been completed in respect of them.

(4) The candidates and agents present may be present for the count at only one polling station and may not move from polling station to polling station. R.S., c. 300, s. 107; 2003, c. 9, s. 37.

- (e) that have not been marked within the circular space on the ballot paper at the right of the name of a candidate;
- (f) that have been so marked to render it uncertain for which candidate or candidates the voter has voted; or
- (g) upon which there is any writing or mark by which the voter can be identified, or that has been so torn, defaced or otherwise dealt with by the voter that he can thereby be identified,

but no ballot shall be rejected only by reason of any word, letter or mark written or made or omitted to be written or made on it by the deputy returning officer or only by reason that the cross, the “X”, the check mark or the line is partially outside the circular space, where there is no uncertainty for which candidate or candidates the voter has voted. R.S., c. 300, s. 108; 1994, c. 26, s. 35; 2007, c. 46, s. 19; 2011, c. 68, s. 12.

Irregular ballot

110 When, in the course of counting the ballots, a ballot is found with the counterfoil attached or without the initials of the deputy returning officer affixed thereto, a deputy returning officer shall, in the presence of any person present in the polling station,

- (a) after carefully concealing the number on the counterfoil and without examining it himself, remove and destroy the counterfoil; or
- (b) where he is satisfied that the ballot is one that was supplied by him, affix his initials to the ballot and count the vote on the ballot unless he determines that it should be rejected for another reason. R.S., c. 300, s. 110.

Statement of poll and sealing of ballot box

111 (1) After counting the votes a deputy returning officer shall complete the statement of poll in prescribed form in the poll book for each matter for which a poll was granted in a sufficient number of copies for the purposes of this Section, sign them and have the poll clerk and such of the persons present who desire to do so sign them.

(2) The deputy returning officer shall then, in the case of each matter for which a poll was granted,

(a) where the ballots are to be marked for only one candidate or matter, place the ballots in separate envelopes for each candidate or matter;

(b) where the ballots are to be marked for more than one candidate or matter, place the ballots in one envelope;

(c) place all rejected ballots in a separate envelope; and

(d) write on each envelope the contents and number of ballots enclosed and the serial number of the seal used to seal the ballot box and sign and seal the envelopes and instruct the poll clerk and such of the persons present who desire to do so to sign the envelopes across the flap of the envelope in such a way that the envelopes cannot be opened without disturbing the signatures.

(3) The deputy returning officer shall thereupon place all the envelopes containing the ballots that have been counted, the ballots that have been rejected, the unused ballot papers, the cancelled ballot papers, the list of electors, the list of objections and any other documents used at the poll except the poll book in the ballot box and shall seal the ballot box and seal the narrow opening on the top of the ballot box.

(4) The deputy returning officer shall deliver a copy of the statement of poll to each candidate or agent representing a candidate who is present and requests it, and shall leave one copy in the poll book. R.S., c. 300, s. 111; 2003 (2nd Sess.), c. 5, s. 19.

(2) If, owing to illness or other cause, the deputy returning officer is unable to deliver the box and poll book to the returning officer, he shall instruct the poll clerk to do so, and the poll clerk shall deliver them to the returning officer. R.S., c. 300, s. 112.

Poll book inadvertently in ballot box

113 If the deputy returning officer or poll clerk inadvertently seals the poll book or the statement of poll in the ballot box, the box may be opened in the presence of the returning officer, the poll book or the statement of poll may be removed and the box shall be resealed forthwith. R.S., c. 300, s. 113.

(1C) An elector may not vote at more than one polling station on advance polling day.

(2) The returning officer may act as deputy returning officer at an advance polling station, in which case there is no need to take the oath referred to in subsection (2) of Section 8, and the assistant returning officer may act as poll clerk.

- (4)** An advance poll shall be held on
- (a) Tuesday, the fourth day before ordinary polling day; and
 - (b) one other day fixed by council, by resolution, which shall be either Thursday, the ninth day before ordinary polling day or Saturday, the seventh day before ordinary polling day.

(4A) Council may delegate its authority to fix a day pursuant to clause (4)(b) to the returning officer.

(c) failure of any official to take any oath required by this Act; or

(4) Where voting is to take place at a polling station location on more than one advance poll day, the same ballot box, poll book and other materials may be used at the polling station, and the seal over the opening on the top of the ballot box may be opened on the second advance poll day so that ballots may be inserted during polling hours.

(5) The unused ballots and stubs shall be placed in an envelope upon which the deputy returning officer has endorsed his signature and the serial number of the seal used for sealing the ballot box, and the poll clerks shall, and any candidate or his agent may, affix their signatures across the flap of the envelope in such a way that the envelope cannot be opened without disturbing the signatures.

(7) The deputy returning officer shall, if required by the returning officer, deliver the ballot box or boxes used at the advance polling station and all other materials to the returning officer.

Automatic recount

130 (1) If, upon the calculation by the returning officer of the total number of valid votes cast for each candidate, it appears that an equality of votes exists for two or more candidates for any office, and the addition of one vote would

(2) At least three days prior to an application, the returning officer shall serve a copy of the application and a copy of the affidavit upon the clerk and upon the candidates who may be affected thereby. R.S., c. 300, s. 130; 2011, c. 68, s. 14.

(3) Where an application has been made to a judge pursuant to subsection (1), and the judge determines that the recount can be completed sooner by another judge in either the Provincial Court or the Supreme Court, and where the judge decides that it is appropriate to do so, he may, by order, transfer the matter to that other judge. (g) upon which there is any writing or mark by which the voter can be identified, or that has been so torn, defaced or otherwise dealt with by the voter so that he can thereby be identified,

is void and shall not be counted, but no ballot shall be rejected only by reason of any word, letter or mark written or made or omitted to be written or made on it by the deputy returning officer or only by reason that the cross, the "X", the check mark or the line is partially outside the circular space, where there is no uncertainty for which candidate or candidates the voter has voted.

(3) The judge shall make a note of any objection made by a candidate or by his agent to a ballot paper, and shall decide any question arising out of the objection, and the decision of the judge thereon is final.

(4) The judge shall then count the votes given for each candidate upon the ballot papers not rejected, and shall make up a written statement, in words as well as in figures, of the number of votes given for each candidate and of the number of ballot papers rejected and not counted by him, and the statement shall be made under the several heads following:

(3) All reasonable and necessary fees and expenses incurred under this Act shall be paid by the clerk out of the funds of the municipality upon the production of proper accounts, within the limits specified in the tariff or specially authorized by council, and such sums shall be sums required for the ordinary lawful purposes of the municipality.
