

## PURPOSE

The purpose of the Special Reserves Policy is for the utilization of Special Reserves to improve the process of visionary planning for the Municipality of East Hants' future financial needs. In general, the intention of Reserve Funds is to serve three specific purposes:

- Contingency Funds for Opportunities;
- Contingency Funds for Risk; or
- Savings Funds for Obligations.

Reserves are a means by which the Municipality can accumulate funds for an anticipated or unanticipated future requirement. This differs from the Operating Budget (General Fund) which the Municipality, in accordance with the Nova Scotia Municipal Government Act, must budget for a year-end balance of zero.

## SCOPE

All employees of the Municipality with budget and spending authority responsibilities fall within the scope of this policy and must adhere to the policy statements contained within this document.

## POLICY

### POLICY STATEMENT

Reserve funds are established by Council by setting aside money to help offset future financing requirements; when required, the funds are drawn upon to finance capital and operating expenditures as designated by Council. Using reserve funds to minimize tax rate fluctuations is a fundamental financial management tool for the Municipality.

The establishment of reserves follows the general guidelines outlined in the Financial Reporting and Accounting manual (FRAM), as issued by the Province of Nova Scotia. The general intent is to save for large expenditures on equipment, balloon payments, studies and other one-time expenditures by appropriating funds from operating. Motions made by Corporate & Residential Services Committee to establish new reserves will be reflected in the Special Reserve Policy through the policy approval process during an appropriate Council meeting. For accounting procedural purposes, staff are authorized to establish a new reserve account by a motion of Council or the Corporate & Residential Services Committee.

A resolution of Council, either through the approved budgets or separate motion, is required to withdraw general operating or capital fund reserves. The Budget Management Policy delegates authority to the CAO in some low value instances.

The Special Reserves Appendix outlines Council's purpose for each fund and where applicable how each fund will be funded. The Municipality shall maintain the following funds:

1. Capital Reserves
2. Operating Reserves
3. Water Utility Depreciation Reserves
4. Obligatory Reserves

## CAPITAL RESERVES

The Municipal Government Act (MGA), Section 99, states a municipality shall maintain a capital reserve fund. The capital reserve fund must include the following, which may be amended from time to time by the CAO to reflect changes to the MGA:

- a) funds received from the sale of property;
- b) proceeds of insurance resulting from loss or damage of property that is not used for replacement, repair or reconstruction of the property;
- c) any surplus remaining from the sale of debentures that is not used for the purpose for which the debentures were issued; proceeds received from the winding up of a municipal enterprise as defined in the Municipal Finance Corporation Act;
- d) any capital grant not expended in the year in which it was paid;
- e) the current fiscal year's accrual for landfill closure and post closure costs;
- f) amounts transferred to the fund by the council; and
- g) balance in Tax Sale Surplus account twenty years after the **tax sale, MGA Section 147 (5)**.

A withdrawal from the capital reserve fund shall be authorized by Council, by resolution, and may only be used for:

- a) Capital expenditures for which the municipality may borrow;
- b) Repayment of the principal portion of capital debt; and
- c) Landfill closure and post closure costs.

Council may borrow from a capital reserve fund, by resolution, if the resolution prescribes the terms of repayment, including interest, at a rate not less than the interest rate that the municipality would pay to borrow the funds for a similar term from another source.

The Special Reserves Appendix lists the Capital Reserves held by the Municipality; Capital Reserves code classification is CXXX.

## OPERATING RESERVES

The annual Operating Budget shall lay out the amounts to be set aside in reserves funds for future spending purposes. Transfers between funds are recorded as adjustments to the appropriate fund balance. Council can use Operating Reserves to fund both operating and capital expenditures and debt repayment.

The Special Reserves Appendix lists for the Operating Reserves held by the Municipality; Operating reserves classification codes are:

- GXXX for General Tax Rate Reserves
- UXXX for Urban Services Reserves
- AXXX for Other Area Rate Reserves

## WATER UTILITY DEPRECIATION RESERVES

The reserve provides funding for capital projects in the East Hants Water Utility. Funding to the reserve is provided annually from the Depreciation Expense in the Water Utility operating budget.

The Special Reserves Appendix lists the Reserves held by the East Hants Water Utility; Water Utility reserves code classification code is WXXX.

## OBLIGATORY RESERVES

The Municipality receives infrastructure charge contributions and payments in lieu of open space under provisions of Municipal By-Laws. These funds, by their nature, are restricted in their use and until applied to applicable capital work, are recorded as Deferred Revenue - Obligatory Reserve Funds. As applied to capital projects, they are recorded as revenue in the year the funds are expended.

The Special Reserves Appendix lists the Reserves held as Obligatory Reserves; Obligatory Reserves classification code is ORXXX.

## RETURN ON INVESTMENT

Municipal reserve funds form part of the Municipal Consolidated bank balance and will be used to leverage favourable interest on Municipal accounts. The CAO, on the advice of the Director of Finance, will be

responsible for these investment decisions and shall make all legislated recommendations to Council around the same.

Interest earned on the reserves will be paid to each reserve on an annual basis. Where the administrative burden to calculate and allocate such interest is significant, interest will not be applied to:

1. District Recreation Funds
2. Beautification Funds
3. Mount Uniacke District Recreation Fund

**CAPITAL RESERVES**

Description	Code	Purpose
Canada Community Building Fund - CCBF (formerly Gas Tax) - Corridor	C001	Reserve funds received under the Canada-Nova Scotia Agreement on the Transfer of Federal CCBF (formerly Gas Tax) Revenues and interest paid to the reserve. This is in compliance with the Federal Government requirement for the Municipality to maintain a separate accounting for the funds provided and for the interest earned on unexpended funds. The funds are used to acquire sustainable infrastructure per the eligible expenditures outlined in the Agreement. The current agreement is for the period April 1, 2014 to March 31, 2024. Funding for this Reserve will be 75% of any CCBF Funds (received after April 1, 2016).
Canada Community Building Fund - CCBF (formerly Gas Tax) - Mt. Uniacke	C002	Reserve funds received under the Canada-Nova Scotia Agreement on the Transfer of Federal CCBF (formerly Gas Tax) Revenues and interest paid to the reserve. This is in compliance with the Federal Government requirement for the Municipality to maintain a separate accounting for the funds provided and for the interest earned on unexpended funds. The funds are used to acquire sustainable infrastructure per the eligible expenditures outlined in the Agreement. The current agreement is for the period April 1, 2014 to March 31, 2024. Funding for this Reserve will be 12.50% of any CCBF Funds (received after April 1, 2016).
Canada Community Building Fund - CCBF (formerly Gas Tax) - Rural	C003	Reserve funds received under the Canada-Nova Scotia Agreement on the Transfer of Federal CCBF (formerly Gas Tax) Revenues and interest paid to the reserve. This is in compliance with the Federal Government requirement for the Municipality to maintain a separate accounting for the funds provided and for the interest earned on unexpended funds. The funds are used to acquire sustainable infrastructure per the eligible expenditures outlined in the Agreement. The current agreement is for the period April 1, 2014 to March 31, 2024. Funding for this Reserve will be 12.50% of any CCBF Funds (received after April 1, 2016).
Canada Community Building Fund - CCBF (formerly Gas Tax) - Other	C004	In 2016 Council set aside \$300,000 of CCBF (formerly Gas Tax), and subsequent interest on same, for Asset Management initiatives. Once this project is complete the balance will be allocated to C001, C002 and C003 based on the allocation formula.
Business Park Land Development	C005	Reserve provides funding exclusively for the purchase and development of land for sale in the municipally owned business parks. The reserve was created in accordance with the requirements of Section 99 of the Municipal Government Act which requires that any proceeds from the sale of land be deposited into a Capital Reserve fund. Funding for this reserve is to come from the sale of land in East Hants business parks and from interest paid to the reserve.

**SPECIAL RESERVES APPENDIX**

Open Space Capital Reserve	C006	Reserve provides funding for Open Space projects and is funded through land transactions.
Business Park Capital Signs	C007	Reserve provides funding for capital signage in the municipally owned business parks. Funding for this reserve comes from signage advertising revenues.
Sale of Capital Assets	C008	Reserve was created in accordance with the requirements of Section 99 of the Municipal Government Act (MGA). Under this Act, funds may only be used for either (1) capital expenditures for which the municipality may borrow; or (2) repayment of the principal portion of capital debt. Funding is to come from the sale of capital assets (land, vehicles & equipment), other than the sale of Business Parks land, Open Space land and from interest paid to the reserve.
Landfill Closure/Post Closure	C009	Reserve was prescribed by the Province of Nova Scotia and is intended to provide funds to responsibly end the life of Georgefield Landfill site and monitor it thereafter for environmental impact. The reserve fund is calculated annually based on a formula of the estimated costs to monitor and protect the capped cell at the Waste Management Centre. An annual transfer to or from the Operating Landfill Reserve balances this reserve to the calculated liability.
Excess Debenture (Capital)	C010	Reserve holds any excess borrowing funds which can occur when the Municipality estimates what is required for a debenture issue. The projects include but are not limited to wastewater, roads, sidewalks, building, storm water and transfer stations. Funds in this reserve will be used to pay for projects that fall within the same general purpose and fund (GTR, USR, etc.) for which the original borrowing was made as per MGA Section 99.
Fire Communication equipment	C011	Reserve holds fire service levies to provide funding for debt payments that the Municipality incurred for the fire department communication project.
Active Transportation	C012	Reserve established in 2021 through Council Motion C21(198) for funding related to the \$1.7M Highway 214 Active Transportation Capital Project 20-035.
Tax Sale Surplus Funds	C013	Reserve holds any tax sale surplus funds taken in to revenue after the twenty-year redemption period. Funds can only be used for capital expenses as per MGA Section 99.
Uniacke District Recreation Civic Centre	C014	Reserve holds funds in trust to facilitate the building of a community recreational civic centre in Mount Uniacke.
Sustainable Services Growth Fund (SSGF)	C015	Reserve established in March 2023 to be utilized for specific capital projects as outlined in the SSGF Provincial agreement.
Centre Rawdon Playground & Park Development	C016	Reserve established as per Council Motion C23(90), for the playground and park development in Centre Rawdon. The reserve was established from the insurance settlement relating to the destruction of Centre Rawdon Hall.
