RE: Fire Advisory Committee Report to Municipal Council

The Committee held its regular meeting on June 13, 2024. The following motion is coming forward as a result of that meeting:

1. **FIRE DEPARTMENT RE-REGISTRATION**

Registration forms have been received from all departments servicing East Hants, with the exception of Brooklyn; all departments are compliant with requirements. The Director of Corporate Services noted that due to the nature of volunteer service, all departments indicated that there are times when fewer members are available to respond to a call. He also noted that a few departments do not provide medical emergency response and reminded the committee that medical response is a Provincial responsibility; the fire service supports this service when able to. Committee members had no concerns about any of the registrations.

The Fire Advisory Committee recommends that Council approve the annual registration of all fire departments, with the exception of Brooklyn, servicing East Hants.

And that, the Fire Advisory Committee will review the Brooklyn application and forward a recommendation to Council at a later date.

As Chair of the committee, I so move.

As Chair of the committee, I move the adoption of this report.
